State Assembly

State Senate

U.S. Congress

92% reaches the kids. 100% reaches your heart.

When 92% of each dollar goes directly to programs, you are making some child's life more bearable.

When you take their minds off pain and refocus it on adventure, they suddenly realize there's more to life than illness.

When you help build, donate or equip retreat and hospital housing for these children, you speed their recovery and restore some sense of normalcy to shattered families.

When kids believe in tomorrow they are that much closer to having one.

Make believing possible.

Take the First Step to a Heart-Healthy Life.

Start! Walking. Start! Something.

Heart disease is the number one killer of men and women in America. But did you know that just 30 minutes a day of physical activity can improve your health and decrease your risk of heart disease? An easy way to work physical activity into your regular routine is to start walking. For every single hour of regular, vigorous exercise, you can add two hours to your life expectancy.

It's easy to Start! whether you're by yourself or with friends, family and co-workers. You'll all feel a difference and live longer, heart-healthier lives.

Join the movement.
